Team Base Camps Brochure

2014 FIFA World Cup™

1st version

Dear Friends,

It is our pleasure to present to you the first version of the 2014 FIFA World Cup™ Team Base Camps (TBCs) catalogue. The Local Organising Committee (LOC) has been working hard for over a year in order to identify potential locations to serve as bases for the national teams participating in the tournament in 2014.

This document should provide a very important tool for evaluating the best Brazil has to offer in terms of your delegation finding the ideal conditions to both train and rest in the final stretch of preparations, as well as during the FIFA World Cup itself.

The electronic version of the catalogue will enable you to receive all the necessary information in a fast and convenient way. What is more, it also makes sure that you will have access to the most up-to-date material, given that in a few months more TBC options will be available for evaluation.

Finally, we firmly believe that Brazil's geographical and cultural diversity are clearly reflected in the options offered in this catalogue. We are also at your disposal to address any issues or questions you might have, and will be delighted to welcome you to our country soon.

Sincerely,

José Maria Marin

President of the 2014 FIFA World Cup Brazil™ Local Organising Committee

Chers Amis,

Nous avons le plaisir de vous présenter la première version du catalogue des Camps de base d'équipe (TBC) de la Coupe du Monde de la FIFA, Brésil 2014™. Le Comité Organisateur Local (COL) a travaillé d'arrache-pied pendant plus d'un an pour identifier les endroits potentiels pouvant servir de base pour les équipes nationales qui participeront au tournoi en 2014.

Ce document devrait fournir un outil très important pour évaluer ce que le Brésil a de mieux à offrir afin que votre délégation trouve les conditions idéales à la fois pour l'entraînement et le repos dans la dernière phase de préparation, ainsi que pendant la Coupe du Monde de la FIFA™ elle-même.

La version électronique du catalogue vous permettra de recevoir toutes les informations nécessaires de façon rapide et commode. De plus, cela vous donnera accès à tous les renseignements mis à jour, étant donné que dans quelques mois encore, plus de possibilités de TBC seront prêtes pour évaluation.

Enfin, nous croyons fermement que les options offertes dans ce catalogue reflètent fidèlement la diversité géographique et culturelle du Brésil. Nous sommes également à votre disposition pour répondre à toute question et seront très heureux de vous accueillir dans notre pays, très bientôt.

Cordialement,

José Maria Marin

Président du Comité Organisateur Local de la Coupe du Monde de la FIFA, Brésil 2014™

Estimados Amigos,

Nos complace presentarles la primera versión de nuestro Catálogo de Campamentos Base para los Equipos (TBC) de la Copa Mundial de la FIFA Brasil 2014™. El Comité Organizador Local (COL) lleva más de un año trabajando intensamente para identificar los posibles emplazamientos que sirvan de base de operaciones a las selecciones nacionales participantes en la competición de 2014.

Liebe Freunde,

Wir freuen uns, Ihnen die erste Version des Katalogs der Mannschafts-Basisquartiere (Team Base Camps – TBCs) für die FIFA Fussball-Weltmeisterschaft Brasilien 2014™ präsentieren zu können. Das Lokale Organisationskomitee (LOK) hat über ein Jahr lang hart daran gearbeitet, potenzielle Einrichtungen zu ermitteln, die den am Turnier 2014 teilnehmenden Mannschaften als Basis dienen können.

Dieses Dokument soll als wichtiges Werkzeug dienen, um das Beste, was Brasilien bezüglich Unterkünften zu bieten hat, beurteilen zu können, damit Ihre Delegation ideale Bedingungen für Training und Unterkunft im letzten Abschnitt der Vorbereitung sowie während der FIFA Fussball-Weltmeisterschaft™ selbst findet.

Die elektronische Version des Katalogs ermöglicht es Ihnen, auf schnelle und bequeme Art und Weise an alle nötigen Informationen zu gelangen. Zudem wird damit sichergestellt, dass Sie Zugang zum den aktuellsten Unterlagen haben. Denn in wenigen Monaten wird es weitere TBC-Optionen zur Beurteilung geben.

Northeast Region

Northeastern Information

The Northeast region holds some of the most beautiful beaches in the world. The warm and transparent waters, palm trees and the sun shining almost all year round form this idyllic scenario. The local cuisine is based in sea food along the shores and has a rich variation towards the interior of the region. The Northeast is famous for its popular gatherings, such as street "Carnaval" and religious festivities, particularly the "Festa Junina" (popular parties around St. Peter's Day). Among the highlights of this incredible region are the sand dunes shaped by the wind, the strong African culture influence in Bahia and several music styles, like "forró" and "axé". Other great spots in the Northeast Region are Natal, Recife and Fernando de Noronha – the remote and protected island, home for jumping dolphins – as well as Lençóis Maranhenses – a paradise that brings together dunes, rivers, lagoons and mangroves.

Southern Information

The South Region presents strong European influence, especially German and Italian. The South Region is acknowledged for offering great quality of life and for sustainable initiatives in several cities. Its geography ranges from plains to mountains, offering the lowest temperatures in Brazil. Among its main tourist attractions is the Iguaçu National Park, famous all over the world for its 275 waterfalls. When it comes to the cuisine, the traditional “churrasco gaúcho” (barbecue, in Portuguese) is a must “eat”. The well laid-out towns that dot the mountains of the Serra Gaúcha produce fine wines and chocolate. The state of Santa Catarina is where the Brazilian version of Oktoberfest takes place.

Regional Aspects

● Southeast Region

Southeastern Information

The Southeast Region is the richest and most populous region in Brazil, and contains Brazil's largest metropolises: São Paulo and Rio de Janeiro. The stunning landscapes range from mountains in Espírito Santo and Minas Gerais, with its historic towns, to famous beaches, parks and forests in Rio de Janeiro and São Paulo. These four states also offer a varied cuisine and several cultural attractions. The biggest dates on the Rio social calendar are the New Year's celebrations, which regularly attract more than two million people to the city's beaches, and the world-famous "Carnaval". São Paulo, the largest city in Latin America and the sixth-largest in the world, is the sheer breadth of choice available to visitors and locals alike. It is quite impossible not to fall in love with its variety of restaurants, for example, where you can sample specialties from every corner of the globe. In the state of Minas Gerais there are many churches and monuments, some within easy reach of Belo Horizonte and all featuring architecture from "ciclo do ouro", the Brazilian gold rush of the late 17th and 18th centuries.
